

Supporting people living with dementia

Your first year of

MedicAlert membership free.

This programme is kindly sponsored by The McLay Dementia Trust, and match-funded by MedicAlert to support people living with dementia in the UK.

The
McLay
Dementia
Trust

This sponsorship supports those living with all types of dementia to access the MedicAlert Safe and Found programme. Launched in partnership with the emergency services, Safe and Found supports the safe return of those reported missing, should they become lost when wandering or walking with purpose.

SCAN ME

"So happy to get my MedicAlert ID & wallet card with my medical conditions and emergency contact details on today. It's taken a lot of worry off my mind now."

Tommy Dunne, MedicAlert Member

What do you need to do?

The programme is available to anyone living in the UK or Republic of Ireland who has been diagnosed with dementia or another cognitive memory loss condition.

Apply today

Submit an application form to activate your membership.

Purchase an ID

Purchase your choice of ID to enable access to your MedicAlert record.

Store a Herbert Protocol

To support the police, you'll need to submit a Herbert Protocol within 2 weeks.

Complete Surveys

Help The McLay Dementia Trust understand the impact of MedicAlert.

How does MedicAlert work?

All MedicAlert members wear a medical ID, engraved with their most vital information. In an emergency, their full digital record can also be provided, to aid care decisions. Our membership costs less than 10p per day; this gives you 24/7 emergency support and peace of mind.

- Internationally recognised ID symbol
- 24/7 worldwide emergency helpline
- Large choice of medical IDs
- Registered nurse checks
- Loved ones can help manage your record
- NHS recommended

"A completed Herbert Protocol, securely stored with MedicAlert, allows the emergency services to access pivotal information to focus their efforts on locating people living with dementia that happen to go missing."

- Inspector Neil Taylor, West Yorkshire Police
