

CEX.10
GROUP

ABOUT US

CEX.IO Group is a successful holding with several major projects and services in the Bitcoin industry.

OUR GOALS

Through our activity, we aim to:

- A** Spread knowledge about Bitcoin and grow the community
- B** Create a network of trusted projects for any crypto and payment services
- C** Make Bitcoin accessible and easy-to-use for everyone
- D** Establish a strong connection between digital, electronic and fiat money in a universal payment system

OUR PROJECTS

CEX.IO

CEX.IO Group is a trusted Bitcoin exchange and the leading cloud mining provider

GHASH.IO

The largest Bitcoin mining pool with multiple options for mining altcoins

plugchain

User-friendly multiplatform API for Bitcoin development

PSP

Universal and smart payment system provider combining digital, electronic and fiat money, with the most user-friendly wallet for beginners

CRYPTO.ID

Unified identity verification system for Bitcoin-related projects

CEX.IO is the core project of CEX.IO Group. Starting as the first cloud mining provider, CEX.IO rapidly became a trusted Bitcoin exchange for trading cryptocurrencies, fiat money and commodities.

TRADING MARKETS:

Cryptocurrency

Bitcoin, Litecoin, Namecoin, Dogecoin, Darkcoin, Ixcoin, Potcoin, Feathercoin, Weedcoin, Anoncoin, USD-e, Megacoin, Digabytecoin, Auroracoin, Myriadcoin

Fiat Money

US Dollars, Euro

Commodity

GHS (Bitcoin mining power)

CEX·IO

DEPOSIT AND WITHDRAWAL OPTIONS

Bank Transfer

ADVANTAGES

- 1 Profit from a combination of trading & mining
- 2 Wide range of trading pairs
- 3 Live quotes and transaction history
- 4 Powerful trade API
- 5 Professional 24/7 support
- 6 Trusted by over 300k users

GHASH.IO

ABOUT GHASH.I O

GHASH.IO IS THE LARGEST POOL,
PROVIDING MULTIPLE OPTIONS FOR
MINING BITCOIN AND ALTCOINS.

Shared credentials between GHash.IO and
CEX.IO create synergy of trading and mining
options.

SUBPOOLS

BITCOIN

Mining of the most popular cryptocurrency.
Available for either independent miners or owners of cloud-based GHS provided by CEX.IO.

DARKCOIN
X11

Mining of a trendy cryptocurrency based on an advanced highly secure hashing algorithm for both GPU's and CPU's.

LITECOIN

(SCRIPT)
Separate subpool for merged mining of script-based cryptocurrencies.

MULTI POOL PRO

(SCRIPT)+ DOGECOIN
Mining of the most financially rewarding coins at any given moment, merged with Dogecoin mining

×ADVANTAGES×

Plugchain is the second absolutely free project after GHash.IO powered by the CEX.IO Group. The service is aimed at developers willing to build up outstanding Bitcoin-related apps

FEATURES

Permanent blockchain
parsing

Saving all blockchain data
into the Plugchain
database

Multiple cryptocurrencies
support

ADVANTAGES

**Forever
free**

**Fast server
response time**

**Friendly
support**

PSP

CEX.IO Group presents a revolutionary PSP based on Bitcoin technology — the best payment tool for business and personal usage.

Supports popular cryptocurrencies, fiat, e-money and all types of payments. Fully configurable and customisable.

KYC MODULE FEATURES

AML module analyses transactions for signs of money laundering schemes.

- Multi-level user authentication
- Data storage certificate
- Strong document encryption
- Customisable expert system
- Universal for any CEX.IO Group service

AML MODULE FEATURES

- Alerts for suspicious money movements
- Considers specific Bitcoin transactions
- Configurable for any legislation
- Advanced risk management system
- Models various scenarios for deposits, transfers and payouts

CRYPTO.ID

CRYPTO.ID

Crypto ID is a universal certificate for users who have passed KYC module on one of CEX.IO Group services. Once received, a user may submit it as an identity verification for any other Bitcoin service.

We believe, this will drive the Bitcoin industry, raise the flow of cryptocurrency transactions, and facilitate Bitcoin adoption.

CEX.IO GROUP KEY STRENGTHS

All services on one platform

Team of experienced developers

Global market coverage

Massive user base

**We practise fundamental approach to all projects and services.
Not only do we provide the services, but use them ourselves.**

CEX.IO GROUP AS THE WINDOW TO THE WORLD OF BITCOIN

Forming a solid network of various crypto services, we target a wide range of audiences, involving them into the world of Bitcoin and creating new possibilities for easy Bitcoin integration to their life and business.

**THANK YOU
FOR ATTENTION!**
