

ONESQIN™
be the change

Basic essentials:

Tampons
Skin cream
Education

OneSqin just makes stuff you need (only we've made some small changes to the standard business model).

All profits go to projects that empower girls in need by removing barriers to education. So that simply by buying the things **you** need, you can help lift girls across the world out of poverty.

Better for your body: premium, natural ingredients and absolutely no chemicals

Better for humanity: investing in girls' potential to shape a better future

GIRLS HELP GIRLS: how it works

Without an education girls are trapped in a cycle of poverty...

Every 3 SECONDS a girl becomes a child bride
4 OUT OF 5 victims of human trafficking are girls
The #1 CAUSE of death for girls 15-19 is childbirth

By using OneSqin you're supporting projects that give girls the chance to:

- stay in school**
- access health services**
- delay marriage and childbirth**

...helping them escape the cycle, benefiting their families, communities, countries, and the world.

100% ORGANIC, HYPOALLERGENIC COTTON TAMPONS

A healthier option during
your period

IN these tampons:

100% organic cotton
Compact plastic applicator

NOT in these tampons:

herbicides
pesticides
GMO material
chlorine
dioxin
rayon
viscose
artificial scent
harmful BPA
cellulose pulp from felled trees

Our tampons are made in a factory
run on hydro-electricity.
We're working hard to develop
bio-plastic applicators, too.

100% NATURAL, ALL-PURPOSE SKIN CREAM

To protect, nourish,
and repair your skin.

OneSquin cream is packed with **nourishing plant extracts** including **raw, organic shea butter granules** – to keep skin silky soft, with a **natural radiance**. Specially formulated to moisturise and soothe minor irritations like flaking, sunburn, windburn, cracked lips, insect bites, shaving/waxing rash and small cuts.

Join the world's quietest revolution

There's a notion that **real change** has to involve great sacrifice. Sticking your neck out, risking what you love, **swimming against the tide**. But while there's always room for more heroes in this world, we **respectfully disagree**. (It's our belief that a little change can go a long way.) **All profits from OneSquin products go to projects that empower girls in need, by removing barriers to education**. So that now, simply by buying the **things you need**, you can help lift girls across the world **out of poverty**. Change doesn't always have to mean a battle. In fact, one **small change** made by **enough people** can transform **many lives**.
